

SWIPE MY BOOKING SCRIPTS™

Turn Messages Into Money...Without Sounding Salesy

Built for blue-collar business owners who don't have time for BS, follow-up anxiety, or lost leads. These are real-word scripts that book jobs, close deals, and keep your calendar full — even if you're not great with words.

WHO THIS IS FOR

This swipe file is for you if:

- You freeze when someone DMs “how much?”
- You don't want to sound pushy when you follow up
- You lose clients because you're too busy to reply fast
- You hate writing and just want someone to tell you what to say
- You want more **“Let's do it!”** and fewer **“I'll think about it...”**

THE MOST COMMON CONVERSATIONS — DONE FOR YOU

When someone DMs: **“How much?”**

Swipe this:

Hey! Appreciate you reaching out.

Real quick — can you tell me a little more about what you need? That way I can send the right quote and get you booked.

When you just sent your price and they ghost

Swipe this:

Just checking in! No rush at all, I know things get busy. I still have a couple openings this week if you're ready to lock in a spot.

When they say: **“I need to think about it”**

Swipe this:

Totally get it — take your time! I'll hold this quote for the next 48 hours just in case. Let me know if you have questions.

💬 When someone leaves a comment on your post

Swipe this:

Hey! I saw you dropped a comment on my [power washing / lawn care / repair] post — you want me to shoot you a quote?

When you want to follow up after 3–4 days

Swipe this:

Just following up to see if you still needed help with [insert service]. I've got a couple of open spots left this week — no pressure if it's not the right time.

If you offer recurring services

Swipe this:

Want me to lock in your usual time for this week? I've got [X day/time] open — let me know what works best.

Auto-Response for DMs

Set this up to reply immediately while you're working:

Thanks for reaching out! I'll get back to you within a few hours. If this is urgent, you can also call/text me at [your number].

PRO TIPS TO BOOK MORE:

- **Always respond fast.** Even if it's just "Hey! Got your message — I'll follow up in a bit."
- **Keep it short.** Busy people don't read long texts.
- **Ask one clear question** in every message.
- **Make it easy to say yes.** Offer clear next steps.
